**MOTIVE QUESTIONED**

eland Prisoner is Foresaken  
by Wife

CLEVELAND—(Associated Press) John L. Whitfield, fasting in the city jail charged with the murder of a man, refused to eat food this morning. He had gone 87 hours without eating, and his guards reported new information that since Thursday he had declined even to eat water. Since breakfast time he has rejected also the black coffee that he had taken during his two days in jail. When his breakfast was brought to him this morning he refused to eat even the coffee untouched. Food is left with him at all times, tray being removed when fresh is brought in.

**TO BE EXAMINED**

County Prosecutor Stanton said that the feeding was not contemplated at this time.

He doesn't want to eat it's his business," Stanton said. "I am worried."

The prisoner becomes very weak, officials said, a physician will be called to examine him and determine her condition demands force-feeding.

Authorities are divided in their opinion as to Whitfield's motive in ing food, some believing it his c to be taken to a hospital where chances of escape would be better. Others thinking it a real attempt to die.

President Enters Yellowstone  
Park for Two-Day Rest

ON BOARD PRESIDENT HARD-  
ING'S SPECIAL TRAIN — (Asso-  
ciated Press) — President Harding today turned from the crowds of western towns and from speech-making to two days of rest and enjoy-  
ment of nature's wonders in Yellow-  
stone National Park.

The presidential party will spend today and Sunday in the park, go-  
ing into the national playground im-  
mediately upon arrival early today  
at Gardiner, Mont., the northern en-  
trance. Most of two days will be  
devoted to motoring about the park  
in much the same manner as the  
thousands of other American citizens  
who visit the place each season.

**DELEGATES ARRIVE FOR  
FARMER-LABOR MEETING**

CHICAGO — Delegates are arriv-  
ing today for the special conven-  
tion of the National Farmer-  
Labor party here beginning Tuesday  
to consider plans for a federation of  
farmer and labor groups for political  
activities.

More than a thousand repre-  
sentatives of farmers' organizations, la-  
bor unions, minority political par-  
ties and cooperative societies are re-  
gistered for the gathering.

**TRUTH SERUM IS  
FAILURE**

Pronounced so After Tests on  
Los Angeles Prisoners

LOS ANGELES — (United Press)  
— Administration of Scopolin —  
the truth serum — to six county jail  
prisoners here in an effort to pro-  
duce confessions from their sub-  
conscious minds, was a complete  
failure. The serum was adminis-  
tered by Dr. R. E. House, of Texas.

Dr. Philip D. Breckenstadt, noted  
psychologist, today declared these  
tests proved his contention that  
even the truth serum is not strong  
enough to prevent men from stick-  
ing to their stories when life or lib-  
erty is in jeopardy. Other authori-  
ties are inclined to agree with him  
because of the seeming irrefutable  
cases against several of the prison-  
ers who continued to protest their  
absolute innocence while under the  
influence of the drug.

3 05 o'clock this morning wrecked  
the front of the home of John C.  
McCoy, chief of dry officers working  
out of Mayor Frank McCullough's  
Richmond court. Sixteen more  
sticks of dynamite were found un-  
der the rear of the house, having  
failed to explode when the fuse at-  
tached burned out.

Schumann - Heink's Patriotic  
Speech Cheered by Veterans

MINNEAPOLIS, Minn. (Associated  
Press) — While his mother sat at  
the head of the table weeping with  
her face buried in her hands, 30  
men boasting scars of their service  
for the allies in the world war, last  
night silently drank a toast to a  
man who went down on a German  
U-boat in 1918.

He was the son of Madame  
Ernestine Schumann-Heink in whose  
honor, as "the most distinguished  
delegate" to the convention of the  
Disabled American Veterans of the  
World War, a dinner was given.

"I have two things to ask of you,"  
Madame Schumann-Heink said.  
"Will you promise me these two  
things?"

"First, that you will never believe  
any false stories you may hear about  
me, stories that I was a German spy,  
that I was untrue to this, my coun-  
try and to you."

"The second promise that I ask  
of you is that you will never allow  
any of your sons to go to war un-  
less they are fully equipped with  
the knowledge and the spirit of the  
American people."

at St. Rita's Hospital

**HIT BY FRANK ANDERSON CAR**

Contractor's Daughters Reported  
in Serious Condition

Duba and Roberta Blodgett,  
daughters of Zopher Blodgett, con-  
tractor, residing on the N. West-st  
road, were in a serious condition at  
St. Rita's hospital Saturday as the  
result of injuries suffered when  
struck by an automobile driven by  
Frank Anderson, of E. High-st, near  
the Blodgett home at 8 p. m. Fri-  
day.

Roberta, 10, was still unconscious  
Saturday and is suffering with in-  
ternal injuries. Duba, 23, also is  
injured internally, it is stated.

**KILLED ON ROAD**

The accident occurred while Duba  
and Roberta, accompanied by two  
other sisters, Virginia, 16, and  
Ruth, 12, were returning home af-  
ter going to a nearby store.

It was dusk and when Anderson  
turned out to pass another car, the  
machine struck Duba and Roberta,  
throwing them violently to the  
ground. The injured were rushed  
to St. Rita's hospital. Anderson,  
who is shocked over the affair, re-  
mained at the hospital until late  
Friday.

**TROOP TRAIN IS  
BLOWN UP**

Wrecked by Time Bomb While  
Crossing the Rhine

**MOST SERIOUS AFFAIR**

Severest Measures Against Ger-  
mans Ordered by Brussels

DUESSELDORF — (Associated  
Press) — Nine Belgian soldiers were  
killed today by the explosion of a  
time bomb in a passenger car of a  
train carrying Belgian soldiers on  
leave back to Belgium from the Ruhr.

Between 25 and 30 soldiers were  
wounded. The explosion is regard-  
ed in military circles here as the  
German reply to the stiffening of the  
occupation regulations in the Bel-  
gian zone since the killing of two  
Belgian soldiers at Mar! several  
days ago.

**CROSSING RHINE**

The train, which was carrying 300  
men on leave, had just left Duis-  
burg.

The bomb exploded as the train  
was crossing the Rhine. It demol-  
ished the car, killing or badly wound-  
ing every man in it, and mortally in-  
juring the sentinel who was guarding  
the bridge.

Today's affair is regarded as the  
most serious which has yet occurred  
in the Ruhr and the Belgians are ex-  
pected to apply rigorous penalties,  
probably beginning with the city of  
Duisburg.

**BRUSSELS ACTS**

BRUSSELS — (Associated Press)  
— When informed this afternoon of  
the bombing of the Belgian troop  
train at Duisburg the minister of na-  
tional defense sent General Raquoy,  
commander of the Belgian army in the  
Ruhr, to Brussels.

## BELGIANS ADOPT FRENCH VIEWS

Will Follow Dictates of Allies' Office in Future

### POINCARÉ'S POLICY WINS

Victory Seen in Ruhr by Citizens of Buffer State

(BY J. W. T. MASON)

NEW YORK — (United Press)—Efforts on the part of Belgium to establish an independent foreign policy for herself have failed. The Belgian foreign office must now be considered as a branch of the French government.

Ever since France went into the Ruhr, there has been an anti-French party at work in Belgium. But the increasing success of Premier Poincaré's Ruhr adventure has had a decisive effect at Brussels and the overthrow of the Belgian government means the anti-French clique has failed.

Efforts by Great Britain to win the Belgians to the British point of view about German relations are now far from realization. The Belgians have decided to follow France's lead still more closely, and this fact makes Poincaré's position more secure than it has been at any previous time since beginning of his premiership.

**BELGIAN AIMS**  
The visits of Belgian and French statesmen back and forth between Brussels and Paris for more than a month, showed the growing differences between the policies of the two countries. Belgians wanted no break between France and Great Britain, for it is to both these countries that Belgium owes her independence. The real purpose of the Belgian desire to become something more than a second to France was to act as a mediator and restore unity action on the part of France and Great Britain.

Belgian statesmen would have succeeded in that ambition if the Germans had shown signs of winning the Ruhr struggle. But Germany is slipping too fast for anybody to believe Berlin will defeat France in the present contest. The firmness of Premier Poincaré is increasing, as German indecision grows. The practical logic of the situation, therefore, has resulted unfavorably for those Belgian leaders who wanted to take the initiative away from France and lodge it once more in a joint committee of all the allies.

It has become impossible for them to convince their followers that Belgium's interests would be better served by breaking away from the Poincaré leadership at a time when Germany is approaching nearer and nearer the point of surrender.

**FOLLOWS VICTORS**  
Henceforth, Belgium will be a docile follower of the French victors. That is to say, this satellite condition will continue as long as French victory continues to remain in sight. If an unexpected change should occur in the situation, and if the German collapse should be halted and should give place to a new vigor of resistance, then the Belgians will be able to strive once more for an independent foreign policy.

But no such reversal of form is to be expected for the immediate present, at all. There is no room for doubt but that the French are displaying the higher morale in the present struggle and that the Germans are showing evidences of moral disintegration.

The expectation that Germany would develop a sense of iron discipline and Spartan fortitude over the Ruhr situation has not been realized. The French squeeze is being too painfully felt for that. The final evidence of it is the new acknowledgment of the Belgian people that the welfare of the Belgian people can now best be served by following fully in Poincaré's footsteps.

### SEVEN BUILDING PERMITS INVOLVE \$28,500 TOTAL

Seven building permits involving \$28,505 were issued by the city Saturday. They were as follows: H. D. Zurnehly, 1530 W. ## NEWS OF PUTNAM-CO

### DIVORCE HALTED IN HERR CASE

Suit Withdrawn and Couple Resume Marital Relations

Divorce proceedings instituted by Mrs. Ruthann Herr, of Ottawa, against her husband, Fred W. Herr, of Toledo, were halted Saturday in common pleas court when it was announced the couple had become reconciled and would live together. The divorce case will be dismissed from the records.

Mrs. Herr left Friday for Toledo, where she will make her home again for her husband.

Herr is vice president of the Copeland Products Co. of Toledo. The divorce petition followed his arrest, brought about by Mrs. Herr, after she found him registered at a Lima hotel with a woman from Toledo who said her name was Mrs. Pearl Sharphouse.

In the divorce action, Mrs. Herr charged that previously they had registered as Mr. and Mrs. F. W. Herr, Toledo; that she trailed them through her husband's handwriting, which she recognized on the hotel register. They were released on bond furnished by Herr and which was afterward forfeited.

When the hearing for temporary alimony came on Herr introduced a cross-petition, declaring that his wife had nearly a quarter of a thousand dollars in money in Ottawa banks.

She told the court he had \$10,000 in various stocks and securities and \$5,000 in the Copeland Products Co.

Herr said that altho he was vice president of the company, it was an honorary position and that he earned but \$60 a week. He charged that his wife entered her husband's bank accounts for divorce she had visited him and they have resumed marital relations.

They were married in Coldwater, Mich. in 1914 and have a child. Mrs. Herr asked for the restoration of her former name of Jane Foote.

### POOL IS TESTED

Water was turned into the swimming pool at Delphos municipal park Saturday for the first time in tests to determine how much water is needed to keep the pool open and to thoroughly flush out the tank before it is used for swimming purposes next week.

### TRACK MEET AND DOLL SHOW FEATURE WEEK'S ACTIVITIES AT PARKS

Activities of children of the city at the public parks the coming week will include a track meet and doll show. T. M. Frazier, supervisor, with the Child Welfare association, announced Saturday.

The first track meet of the season will be held at Faurt park Wednesday at 2 p. m. Included in the athletic events of the day will be 50 yard dashes for boys and girls from eight to 12 and for boys from 12 to 16; a Japanese crab race for boys of any age; running high jump for boys from eight to 12; from 12 to 16 and for girls of any age; a 75 yard dash for girls of any age; 100 yard dash for boys of any age; running broad jump for girls of any age and for boys eight to 12, and 12 to 16. There will also be a shuttle relay, for boys and girls of any age.

Girls will hold a doll show Thursday afternoon at Faurt park. Wading pools at both Lincoln and Faurt are being repaired, and will be in shape to receive paddlers soon, it is expected.

A bicycle trip to Scott's Crossing postponed Thursday because of rain will be taken the coming Thursday, Frazier said.

### FUNERAL SERVICES SUNDAY FOR MRS. FLORENCE M. JUDY

Funeral services for Mrs. Florence Marie Judy, 28, wife of Homer Judy, of 106 1-2 E. Kibby-st, who died Friday at City hospital following an illness of two weeks, will be held Sunday at 2 p. m. at Grace M. E. church. Rev. D. N. Kelly will officiate. Burial in Fairmount cemetery in Auglaize-co.

Mrs. Judy was born in Auglaize-co, October 16, 1899 and was a member of Allen Chapter of Maccabees 197. Besides the husband, she is survived by one daughter, Mary Ruth and one son, Carl, both at home; his father, George White, of Auglaize-co and two brothers, Ernest White of Auglaize-co and Willis White, of Shelby-co.

### PARK SUPERVISORS PLAN SCHEDULE OF ACTIVITIES

Allen-co Child Welfare supervisors of the public parks and playgrounds met Saturday at 11:30 a. m. at Memorial hall to arrange a schedule of activities for next week.

T. M. Frazier is general supervisor. Miss Ruth Wells has charge of Lincoln park and Miss Helen Nungster at Faurt.

### NO FORMAL CELEBRATION OF JULY 4TH AT OTTAWA

While Ottawa will not celebrate the Fourth of July, the usual outdoor moving picture show scheduled for Wednesday night will be given.

Cooperating with Messrs. E. L. Rhodes of Tawa theatre, County Agricultural Agent J. W. Henceroth has arranged for the showing of "The Work of the European Corn Borer" in the free pictures on the streets the Fourth of July. Another film showing the life history and treatment of "Ox Warble" will be shown on that night.

Ottawa is expecting to entertain hundreds of people the night of the Fourth.

One or two films of special interest to farmers will be shown each Wednesday night during the summer.

### UNIVERSITY HERD TO BE EXHIBITED IN PUTNAM-CO

The Putnam-co fair board, co-operating with the Farm bureau, has arranged for the bringing of the Ohio State university herd of beef cattle to the fair for the week of September 18. This exhibition shows both the good and poor types of cattle. The herd is shown for educational purposes and does not compete in open classes.

Putnam-co is one of the few fairs fortunate enough to obtain the exhibition herd, County Agent Henceroth says. It will be at the fair all week, in charge of Ohio State university livestock men.

### PUTNAM-CO SCHOOL HEAD TO SPEAK IN DELPHOS

George J. Kelnath, superintendent of Putnam-co schools will address the Delphos Kiwanis club at its regular noonday luncheon Monday, according to announcement Saturday by the chairman of the committee on arrangements, following word from Attorney Hans Conley, Lima, that he cannot be present.

The Lima man, however, will be in Delphos the following Monday to address the Kiwanians.

### SON IS BORN

### GOES TO LEIPSIC

Mrs. W. H. Clippinger, who is ill, has gone to Leipsic to remain for a month with her daughter, Mrs. Clifford Bowman.

### County Station Holds Man When Doors Are Shut

A stranger entombed in the courthouse comfort station, was released from his predicament at a late hour, Friday night, by Sheriff Harvey B. Crosson, who was told of the situation by a pedestrian.

The prisoner, who said he had been locked in for several hours, hastened away when released, without giving his name.

County commissioners declared Saturday that in the future the station will not be locked up until midnight. They are of the opinion that William Feth, courthouse janitor, locked the place, because boys have been defacing the walls at night.

Commissioners will endeavor to arrange with Chief of Police Lankor to have the officer on that beat open and close the station, and keep an eye on it at night.

They plan to have the doors unlocked at 5 a. m. and closed at midnight.

### RISE IN TEMPERATURE IS DELICATE BUT PERMANENT

For the first time in several days the mercury in the CjaCoob registering thermometer, Saturday, settled down to rising steadily as the day advanced.

The atmosphere of downtown Lima held a touch of Indian Summer. The temperature rose steadily, but modestly, the highest point reached by 1 p. m. being 74 degrees.

Hourly readings of the CjaCoob thermometer were: 58 at 6 a. m.; 64 at 7; 68 at 8; 70 at 9; 72 at 10; 72 at 11; 72 at 12 and 71 at a. p. m.

### BROKEN IN BANKRUPTCY

NEW YORK — An involuntary petition in bankruptcy has been filed against Fred Borgemeister, a broker. The petition fixes liabilities at \$70,000 and free assets at \$20,000. E. Bright Wilson, was named receiver under a \$5,000 bond.

### MRS. WILCOX FUNERAL

Funeral services for Mrs. Thomas Wilcox, of Delphos, who died Thursday at the City hospital following an operation, will be held Sunday at 1:30 p. m. at Bells Center church. Burial in the cemetery nearby.

### KILLED IN CRASH

FAYETTE, Ohio — One man was killed, two were injured and two escaped safely when a gasoline speeder on the New York Central collided with a five-ton motor truck at a crossing in Morenci, Mich., five miles north of here late Friday. F. A. Ward, 53, of Fayette, driver of the speeder, was killed.

### ANCIENT DEED RECORDED BY PUTNAM-CO FARMER

An old deed, in which the United States transferred a parcel of land in Greenburg-tp, has been recorded in Putnam-co.

The original deed was from the United States to Christian Huber, and conveyed an 80-acre tract. Huber then transferred the land to Casper Fryer, who had purchased it from him. Huber had held title to the property many years. The deed was yellow with age.

Other real estate transfers recorded were as follows:

Philip B. Welty to Zella Welty, his wife, one lot in Columbus Grove, \$4,000.

J. J. Robinson to W. G. McCallister, lots 538 and 554, Leipsic \$1200.

Mansford S. Smith to Irvin Hillier and others, 84 acres in Monroe-tp, \$12,000.

El Parsons to Charles I. Wright, lot in Continental, \$1.

Edwin Fortney to Burl Fiser, two lots in Ottawa, \$1.

Manford S. Smith to Elva Hillier, four acres, Monroe-tp.

### HOTTER THE DAY; SHORTER THE SERMON, SAYS PASTOR

Religion can not be thrown aside and church work can not be dropped, altho the temperature stands at 98 degrees.

Such is the conclusion of Rev. P. Ross Parrish, pastor of Trinity Methodist church, who has arranged for services on Sunday mornings during the heated season, lasting but 45 minutes.

"Regular business is conducted and we must cook, eat and sleep in hot weather. We can no more neglect our church duties in summer than in winter," the minister said.

"However we may regulate them so as to prove inviting to every person and help us all to become more reconciled to the warmth and overcome the sacrifice we must make in this great cause," Dr. Parrish said.

### VARIED WEATHER DISRUPTS PUTNAM-CO COURT FILINGS

County officials believe that the hot weather has been instrumental in cutting down business at the courthouse.

Now that cooler weather is at hand, people are just waiting to get a cool breath before starting any litigation, they say.

Last week has seen a large falling off in the number of real estate transfers filed and not a new case has been put on the common pleas docket by Earl Hancfield, county clerk of courts, since last Saturday.

No wills have been filed, or inventories or appraisements recorded in probate court. The usual himself, however, is responsible for just a couple of his arrows hitting straight. The petit jury will not re-convene until July 17.

### WEATHERMAN IS TEMPERAMENTAL

The weatherman is temperamental. Going from one extreme to another in the matter of temperature, he has been keeping the populace on the anxious seat for several weeks past, wondering just what he will do next.

Coming out of a predilection for the levying of the hottest thing in stock on the general public, the weather manipulator shifted gears and ushered in conditions early in the week that provided a complete reversal of form.

Indications Saturday were that more reasonable conditions are on the way and that cold nights and shivery days will give way to more warmth from sunshine. Fair and warmer Sunday, somewhat warmer tonight.

The program augurs well for co-operation in Sunday outdoor activities, including baseball as one of the most attractive of the lot. Even a victim of insomnia should find aid in weather conditions in wooing morpheus. It's a cinch those in good health and the possessor of clear consciences find no trouble in getting restful slumber.

Great days for hikes into the country. Boy scouts set the pace. Their elders might profitably emulate them.

### RE-DECORATING CHURCH

Workmen are re-decorating the interior of Immanuel Lutheran church, corner of Kibby and Jackson-sts. A new lighting system is being installed and painters are re-touching the woodwork. Services will not be held in the church Sunday, it was announced.

### COULD HARDLY DO HER WORK

Lydia E. Pinkham's Vegetable Compound Made Her Eat, Sleep and Feel Better Every Day

Chicago, Ill. — "I was weak and run-down and in such a nervous condition that I could hardly do my work. I was tired all the time, and could not sleep and had no appetite. I tried different medicines for years, but they did not help me. Then I read in the paper about Lydia E. Pinkham's Vegetable Compound and what it had done for other women and gave it a trial. I began to eat better and could sleep, and consider it a wonderful medicine. I recommend it to my friends and will never be without it."

Mrs. M. O'Leary, 3540 S. Marshfield Ave., Chicago, Illinois.

It is such letters as these that testify to the value of Lydia E. Pinkham's Vegetable Compound. This woman speaks from the fullness of her heart. She describes as correctly as she can her condition, first the symptoms that bothered her the most, and later the disappearance of those symptoms. It is a sincere expression of gratitude.

For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been so praised by women.

## FORD IS CALLED BAG OF GOLD

Manufacturer Flayed by Hill's as Presidential Timber

'SHOWS AMAZING IGNORANCE'

Election Would be Pitiable, Says Republican Leader

NEW YORK — (Associated Press)—Election to the presidency of Henry Ford, "a mere bag of gold," would be bowing down to mammon, Charles D. Hill, Republican national committeeman from New York, declares in a statement printed by the New York World today.

"His candidacy," Mr. Hill says, "must be taken seriously because of the obvious conviction of a vast number of people that a man who has created the most prosperous manufacturing enterprise the world has ever seen has evidenced the possession of qualities which would enable him to succeed in the presidency."

"Ford does not strike the Methodist note or the Trotsky note. He does not strike any note in consonant with contemporary liberalism. He is not a protestant against majority unreason, nor is he a chronic minoritarian. He has shown amazing ignorance of national psychology and of political problems. His attitude towards public affairs is un-American. He boasts of his bigotry."

"Ford would make a pitiable spectacle as president because he has revealed a political knowledge and sense that a school boy would be ashamed of. And it is Mr. Ford who asserted that all history is mere 'bunk'."

Henry Ford is said to be the richest man in the world. It is part of our Americanism to be grudge no man his wealth if he has made it honestly and in service. But if we place at the head of the nation to speak for us before the world a mere bag of gold, who knows nothing about anything except making automobiles, we shall bow down to mammon indeed and the democracy of Washington and Lincoln will degenerate into failure."

## DELPHOS NEWS

### READY FOR FIGHT

Preparations for the Mason-Cone Bout Are Completed

William Shank has donated bleacher seats for use in seating the crowd at the boxing show to be given Wednesday night at part of the Delphos park celebration. It was announced Friday by Promoter Joe Scherger.

The seats will be used to effect the amphitheater in which Frankie Mason, Ft. Wayne, ex-flyweight champion of the world, will try conclusions with Mickle Cone of Kokomo in the main go and where four other high class bouts will be staged.

Five hundred other seats have been secured by H. M. Kaverman, member of the Kiwanis boxing committee, from St. John's school auditorium. These seats will be used for the reserved section near the ring. The ring equipment owned by the American Legion will be employed.

Cards advertising the fight were distributed by the committee Friday.

All arrangements save the curtain raiser have been completed by the committee.

The headliners are expected in Delphos either Monday or Tuesday. They will select suitable places to work out and put on the finishing touches for the battle which is expected to decide final contention for the fly-weight championship of Hoosierland.

**TRAFFIC RULES FOR PARK FORMULATED FOR JULY 4TH**  
Traffic signs will be installed at Delphos city park, directing thousands of motorists who will visit the new municipal recreational center July 4.

All traffic is expected to turn to the right upon entering the park from Franklin-st and then proceed to the left on the park driveways.

**VACATION PLANNED**  
Work was completed Friday afternoon at the Delphos branch of the United Women's Club, of Chicago, to plan for their annual vacation.

The plant will be closed next week. Advantages will be taken of the shutdown to invoice.

**TO AIM CHAUNTAUGUA**  
Names of 75 interested men and women have been forwarded to the United Women's Club, of Chicago, which will present the annual chauntauga program in Delphos August 18-17, by Dr. D. J. Clark. They will be asked to lend their moral support in making the chauntauga successful.

**SIGNATURES OBTAINED**  
A total of 244 signatures on petitions favoring the so-called old age pension were secured Friday by Louis Oelberg, F. O. E. committeeman appointed to supervise the canvass, and his assistants.

**AUGLAIZE-CO LAND SELLS AT LESS THAN APPRAISAL**  
Less than the appraised value was realized Saturday when Sheriff Harvey B. Crosson auctioned off a 120-acre farm under court orders.

The land, which belonged to Frank J. Swanson, 1 size-tp, was appraised at \$14,400.

It was purchased by R. J. Eversole for a total of \$11,200. The sale was held to satisfy a \$21,995 mortgage held by Eversole.

**FIRM MOVES**  
Undertaking firm of Kaverman & Jauman has completed moving from the old location on W. Co. for employment to the new mortuary, N. Franklin-st. An up-to-date mortuary has been installed in the residence building formerly owned by Samuel Hessian.

**SHARING** honors with a bride-elect, Miss Mary Catherine Jones, at the luncheon given on Saturday by Mrs. Ralph Shrider at her home on S. Cole-st. was Mrs. Warren Turner, who before her marriage a few months ago was Miss Eleanor Spyer. Guests were seated at small tables in the living and drawing rooms of the Shrider home, each table being attractively decorated with small wicker baskets of pink and white ranunculus. Place-cards and nut cups further carried out the color scheme of pink and white, as chosen by the hostess. Mrs. Shrider presented each honored guest with a gift.

Those who enjoyed the hospitality of Mrs. Shrider, were: Misses Agnes and Sly Patterson, Gail and Ruth Parmenter, Irma Spyer, Alma Meyer of Memphis, Tenn., Mesdames Mark Kent, W. R. McPherson, Nina Evans Mulbarger, Thoburn Bowdler, Robert Mohr, Arthur Kinney, Walter Stokes, Lawrence Allen, J. C. Atkinson, Morris Thomas, J. J. Pettler, Ortho McMillen, Perry Percy, Robert Newman and the honored guests.

Miss Mildred Polser, Brice-av, entertained at an informal card party at her home Friday evening in compliment to Miss Frances Drake, of Vincennes, Ind. At the conclusion of the card game, Miss Edith Witten held high score. Dancing was enjoyed and at 10:30 o'clock, the hostess served a luncheon assisted by Miss Delphine Feltz.

Guests of Miss Polser included Miss Delphine Feltz, Miss Edith Witten, Miss Lavin Neely, Miss Esther Plummer, Miss Frances Maurer, Miss Margaret Polser and the honored guest, Miss Drake.

Miss Helen Halladay, N. Elizabeth-st, welcomed the members of the Phi Delta Rho sorority to her home, Thursday evening. After a short business session, music and dancing was enjoyed. A two-course luncheon was served by the hostess, assisted by Miss Gertrude Rardin.

Members of the club present were Misses Gertrude Rardin, Evelyn Bowsher, Mildred Butler, Mary E. Tuttle, Vera Gillman and the hostess. Miss Mildred Nunnemaker of Alliance was an only guest.

## SUSIE SMART'S ADVICE

Dear Miss Smart: I WENT with a young man for several months. At the same time I was going out occasionally with others, but the first was the only one I really cared for.

Then he made a date with me and failed to keep it, and we have not gone together since. He seemed pensive, but I hadn't done anything to offend him. The next time I saw him he explained that it was his mother's fault. He said she doesn't like him to go with me because I am of a different nation.

Is there any way I could win him back? I have him on my mind all the time and am doing my work all wrong at the office.

**NO MATTER** how hard it may seem to give up the young man's friendship, that apparently is the only thing you can do. You should have too much pride to try to force the friendship. It may be hard to forget, but time will help you.

Dear Miss Smart: I am 16 years old. A man about twice my age works in a store to which I frequently have to go. He always offers to treat me with candy or a soda, but I always refuse him, as I am really afraid of him. I make my purchases and never stop to converse with him, but he seems to make no difference to him. It would be of no use to tell my father this. He would just imagine things. What shall I do?

**SIXTEEN** If you cannot go to another store, make your purchases of another salesman if there is one. It seems unlikely that this man will persist in offering you attentions if you are definite in your refusals.

If he does, the safest and most sensible thing for you to do is to tell your father of this annoyance. A girl should not ignore the instinct which warns her of danger in a case of this sort.

**COUNTY JAIL IS ALMOST DEPOPULATED SATURDAY; CHIROUS-OUT ON MONDAY**

George Wicks, 71, infirm inmate, sent up for disorderly conduct will be the sole occupant of the county jail after Monday, unless new prisoners arrive.

The population of the county jail has been thinned out rapidly in the past few days, Sheriff Cresson says. Some are to go to other prisons, others were rased on bond, or had completed their sentences.

Glenn V. John and Glenn L. Potter, chiropractors, and Wicks will spend Sunday alone behind the grim gray walls of the old prison. The chiro will be released early Monday morning, the final day of a 41-day term for nonpayment of fines assessed for practicing medicine without license.

**CAR BLOWN OFF TRACK** DODGE CITY, Kas. — Ten cars in the midst of a Santa Fe train were blown off the track by a severe windstorm which swept Dodge City and vicinity last night. The wind leveled trees, blew down farm buildings and ruined wheat crops now in harvest. The wind's chief fury was spent over the village of Wright, ten miles from here, where the moving freight train was wrecked.

## MYSTERY SOLVED

Wedding Clears up Kidnaping of Girl at Akron

**AKRON — (Associated Press) —** The mystery surrounding the alleged abduction of Mary Iorio, 17, from the home of her parents here Thursday night, was cleared up today when an Akron newspaper learned she had married Paul Lombardi, young Akron rubber worker, in Cleveland Friday.

Mrs. Lombardi was to marry Joe Gullo, Jamestown, N. Y., man Monday, it is said. Friends of Lombardi under arrest here in connection with the kidnaping, say the affair was arranged so that Mary could escape with the man she loved. They even fired several shots to make it more realistic.

Following the "kidnaping" here when Lombardi was assisted by friends, the couple proceeded to Cleveland by motor, waited for the opening of the license bureau and were married by Justice of the Peace M. Pitney.

**DRY PLATFORM PLANKS WILL NOT BE REQUESTED**

**WESTERVILLE, Ohio —** National conventions of the two major political parties will not be requested to adopt dry platform planks nor will they be asked to include one sustaining the eighteenth amendment, the executive committee of the Anti-Saloon League of America decided at a conference here.

The action, leaders pointed out, is in harmony with the policy of the league which has been effective for 30 years. Efforts of the organization in connection with the 1924 political campaign, it was said, will be directed toward the nomination and election of candidates favorable to effective enforcement of prohibition laws.

**PRINT THIS ABOUT Joint-Ease Says Druggist**

"Joint-Ease is selling like hot cakes in my store because it is a wonderful and speedy remedy for all joint troubles."

"But why not impress on tens of thousands of suffering people some of the things that doctors of my customers tell me almost daily?"

"Some say that it knocks out lumbago over night — Others assert that for chest colds and sore throat it has no equal, while many insist that there is nothing they ever tried that is so efficient for neuralgia, neuritis and even head colds and nasal catarrh."

Answering the above letter, we, the makers of Joint-Ease, know that what this thriving New Jersey drug-gist says is true, but we still maintain that Joint-Ease is prepared for stiff, inflamed, painful, swollen joints, whether in ankle, knee, hip, elbow, shoulder, fingers or spine.

You'll like to use stainless Joint-Ease, for with just one minute's rubbing, it soaks in through the flesh direct to the ailing bones and ligaments—that's why it succeeds —for when Joint-Ease gets in joint agony goes out—And without any waste of time all swelling and congestion disappears. ## LIMA ACTORS IN MOVIE THRILLER

Masked bandits occupying an armored car drove madly thru the business district of the city, Friday, closely pursued by a machine ridden by police and another automobile in which a young man, seeking to protect his sweetheart, was vainly trying to keep pace with the rapidly moving vehicles.

Brandished revolvers and threatened deluges of lead failed to stop the "bandit" car. But—

A word from the director and the chase ceased.

The machine was the central figure in one of the most thrilling scenes of "Too Many Heroes," a home talent movie being filmed here.

In the bandit car was Dorothy Kahle, heroine, clutched by two of the three bandits, Claire Dean, Walton Wyre and Carl Plummer, who had kidnaped her. In the second car were members of the Lima police department while behind it Robert Breckenridge, the hero was pursuing the fugitives in another machine.

The movie is being produced by Clarence Guthermuth, director, to be exhibited at the Sigma, the week of July 15. Only Lima talent will act in the movie.

Crew Escapes in Accident Near Hawkins Point

**GALLIPOLIS—(Associated Press) —**Springing a leak, the government steamer Crozet, sank near Hawkins Point last night, the crew escaping to the shore in lifeboats, it became known today. Many of the crew were asleep in their bunks and had to swim for their lives.

The Crozet, formerly in use on the Mississippi river, has been used at Ohio River locks and dams under construction.

## COLORADO MAN RELEASED FROM AUTO THEFT CHARGE

Lima's colored population was decreased by one Friday, when Ralph Turner, 23, shook the dust of the city from his shoes.

"Ah am goin' back to Illinois," he told Sheriff Cresson. "These here cops in this town jes won't let me alone. They got me in jail all time."

Turner was held on charges of stealing a car, but the grand jury nollied the action. A former prison record, Turner asserts, keeps him in hot water most of the time.

## YOU AND CICADA

If you think that you have a difficult time here on earth, compare with the 17-Year Locust, which is swarming by billions again this year, attacking the trees. The Department of Agriculture says that these insect pests are "undoubtedly the most interesting of all the insects peculiar to the American continent."

After their 1923 visitation, they will disappear and not show up again until 1940. They are shown, attacking an orchard, in the accompanying pen-picture by Artist Satterfield.

The 17-Year Locusts, which really are giant flies instead of locusts or grasshoppers, make their appearance out of the ground. They live only a few weeks, and then fall to the ground dead. During this short life, all effort is devoted to reproduction.

The female begins work on a tree branch. She is equipped with a sort of plow, which she uses to make a line of holes in the bark to the end of the branch. In these holes she lays her eggs, two in a nest. About a fortnight later, the eggs hatch, larvae crawl out, drop to the ground, burrow down and entomb themselves deep enough to be immune to all kinds of weather. branch and start the process of reproduction all over again. They come and go and repeat with perfect regularity, all maturing and laying eggs and dying at almost identically the same time. In their wake they leave a trail of ruined orchards, which they prefer to forest trees or vegetables.

Seventeen years of preparation for a few weeks of life! After all, it is much like human existence—95 per cent preparation and toil, 5 per cent realization and pleasure. Nature's activities are infinitely varied and mysterious. It would be equally amazing to the 17-Year Locusts, that we take years instead of weeks to accomplish our purpose on earth.

## CIVIL WAR PENSIONERS

EVER stop to think how rapidly total yearly pensions paid to soldiers of the Civil war are being reduced?

Very few men remain in Lima who receive pay from the government for service performed in 1861-5. This year's pension bill will be about 221 million dollars. Pensions to Civil war veterans who fought on the northern side so far cost Uncle Sam 3407 million dollars.

That's quite an echo, considering that over half a century has passed since that struggle closed. A war is a loss, no matter which side wins.

Fifty years from now, future editorial writers will be commenting about pensions to World war veterans. By that time the world's people will have enough money saved up for the international politicians to start another war.

## BRYAN'S WEEKLY BIBLE TALK

### MARY, THE MOTHER OF JESUS

Text of Today's Bible Talk by Mr. Bryan.  
(Luke 2:41-52)

Now his parents went to Jerusalem every year at the feast of the Passover.

And when he was twelve years old, they went up to Jerusalem after the custom of the feast.

And when they had fulfilled the days, as they returned, the child Jesus tarried behind in Jerusalem; and Joseph and his mother knew not of it.

But they, supposing him to have been in the company, went a day's journey; and they sought him among their kinsfolk and acquaintance.

And when they found him not, they turned back again to Jerusalem, seeking him.

And it came to pass, that after three days they found him in the temple, sitting in the midst of the doctors, both hearing them, and asking them questions.

And all that heard them were astonished at his understanding and answers.

And when they saw him, they were amazed; and his mother said unto him, Son, why hast thou thus dealt with us? behold, thy father and I have sought thee sorrowing.

And he said unto them, How is it that ye sought me? wist ye not that I must be about my Father's business?

And they understood not the saying which he spake unto them.

And he went down with them, and came to Nazareth, and was subject unto them; but his mother kept all these sayings in her heart.

And Jesus increased in wisdom and stature, and in favour with God and man.

(By WILLIAM JENNINGS BRYAN) The birth of Jesus was different from our own but not more mysterious. A God who could bring man into the world in the usual way could just as easily bring Christ into the world as He did. Concede a miracle-working God and all difficulties are removed. The method employed lends dignity to the Son of God and gives authority to His words.

And yet in nearly all the leading denominations there are members—even ministers—who doubt; if they do not openly deny, the record of Matthew and Luke on the subject. They say that only Matthew and Luke speak of the virgin birth, but they do not explain that these are the only Bible writers who make any reference to Christ's birth. Mark introduces Christ at the beginning of His ministry, when He was baptized of John in the Jordan. John, the beloved Apostle, in like manner passes over the incidents connected with Christ's birth and youth and records his words after he began to preach.

LUKE THE PHYSICIAN Luke was a physician, the companion of Paul and author of the Acts of the Apostles. He described the conception and birth of Jesus—even records Mary's question, the answer to which gives full and complete information. All the Bible writers record the performance of miracles that, like this one, can be accounted for only by the exercise of divine power.

To reject the testimony of Matthew and Luke, each corroborating the other, and neither contradicted by any other Bible writer, is merely to substitute an unproven hypothesis for the word of God. To rob Christ of the glory of a virgin birth is to greatly impair, if not destroy, the ability of the church to present him as a savior sent from God.

There is a very evident reaction against the attacks made by so-called liberals on the veracity of the scriptures. My own church, the Northern Presbyterian, at its last general assembly held two months ago made the following clear and unequivocal pronouncement: "It is an essential doctrine of the word of God and our standards that our Lord Jesus Christ was born of the Virgin Mary." The week before the southern Baptists made a similar declaration for their church. The Defenders of the Faith everywhere are increasingly active in other churches and legislatures in beginning to prohibit attacks on the Bible in schools supported by taxation.

THE BOY OF TWELVE The lesson for today is built about an incident in the boyhood of Jesus. At the age of twelve He went to Jerusalem with His parents to attend the Feast of the Passover.

It is worth while to note that the church—parents of the present day may well take a lesson from them. They were simple folks—he a carpenter and she a humble wife and mother. They had their living to make but they had time for fast days and feast days and for service

in the synagogue. Life is very busy and complex now and religion is being crowded out of many lives. Has anything better been substituted for religion? Unless there has been some radical change in the nature of man he still needs religion—is the need not greater because the temptations are greater? Man suffers seriously because society and business have invaded the home and are diverting attention from spiritual things—even to the extent of overturning the family altar.

All were amazed that one so young Joseph and Mary were deeply religious and kept the ordinances of should be so well versed in the scriptures.

Those who think Christ a deluded enthusiast—as some outside the

church do—must admit that he gave evidence of superior wisdom at an early age. In His question to His parents—His first recorded words—we catch the first intimation that He was conscious of His mission—"Know ye not that I must be in my Father's house?" (The King James version reads: "Wist ye not that I must be about my Father's business?")

MOTHER LOVE Mary was not grieved at the sudden maturity of her son; it is one of the most prominent characteristics of a mother that her heart is centered on her child instead of on herself. She sacrifices for it as no one else does, but she makes no demands upon it. The normal mother does this; happy the son who appreciates the sacrifices prompted by a mother's uncomplaining love and makes such return as he can, and happy the mother who has such a son, but each generation lives for the generation that succeeds it—that is God's plan.

One sentence carries Christ's life from this incident until He began His ministry—"And Jesus advanced in wisdom and stature and in favor with God and men."

This is Luke's record and it conveys an important lesson, namely, that one who is Christlike will grow to favor with men as well as with God. A Christian life is the one unanswerable argument in support of the Christian religion.

Matthew carries the narrative of the child Jesus up to the return from Egypt and then, leaving him at Nazareth, passes over all of the intervening years until He appeared before John to be baptized.

SOLUTIONS OF ALL PROBLEMS We do not know through what preparation Jesus passed but we do know that when about thirty years of age He emerged from obscurity and began the work that He came to perform. He gathered about Him a few disciples, proclaimed His Messiahship, taught, wrought miracles, was crucified and buried, rose from the tomb, commissioned His disciples and ascended into heaven. He set up His spiritual Kingdom on Earth and it has been growing ever since.

His gospel is for every creature and His code of morals is to stand for all time. His philosophy fits into every human need and His teachings furnish the only solution of the world's problems, personal and political. It is easier to believe that He was the Bible declared Him to be—the Only-Begotten Son of God, than to explain in any other way what He said and did and was.

THE GIMMES

BY RUSTON BRADLEY

"Gimme, gimme, gimme!" Here the Gimmes as they sing "Gimme, gimme, gimme!" With their fingers stretching 'till it's a universal passion

"With the great and with the small For the Gimmes are in fashion And you hear 'em loudly call "Gimme, gimme, gimme!" Or I'll get it with a 'jimmy' I am looking for a roll without a lay;

Have I earned it? I mean worry. Can't you see I'm in a hurry Gimme, gimme, gimme! away!"

"Gimme, gimme, gimme!" Every nation does it, too "Gimme, gimme, gimme!" Or I'll grab it off of you!" Tho it means a heap of sorrow And of war and hate as well, Which may wreck the world to-morrow.

Still you hear the nations yell "Gimme, gimme, gimme!" Or my enemies will trim me Gimme! for I'm desperate today! And the future? Hear my laughter!

I should fret about hereafter! Gimme, gimme, gimme! right away!"

The future rather dim is, This is plainer than your now, We have got to cure the Gimmes If we hope to cure our woes For the highest good in living Isn't getting things, but giving. So I think it's wholly obvious to state That in seeking for salvation Of the human population, I have got to give the "Gimme Boys" the game!

## "TOM SHOULD BE DONE IN SEVENTH" -- KILBE

Can't Stand  
Gaff Any  
Longer

(BY JOHNNY KILBANE)

NEA Service Writer

SHELBY, Mont. — (Special) — What chance has Tommy Gibbons to take the title from Jack Dempsey?

That's the question that has been fired at me continually since my arrival in Montana.

And it's the question that no doubt is uppermost in the minds of those who have followed my stories on the condition of the two fighters.

The only answer that I can give is that Tom's chance is a very slight one. Seven rounds should tell the story.

CAN'T STAND IT LONGER

I will be very much surprised if Gibbons answers the bell for the eighth round. I figure his speed and marvelous boxing ability will enable him to stave off the inevitable for about that number of rounds.

But the tremendous impact of the blows which Tom will be unable to avoid, will result in his slowing up, and make him a mark for the knockout that I feel confident will end the fight.

Many of the Dempsey partisans here are arguing the fight will not last over one or two rounds. That seems like the bunk to me.

It will take Dempsey at least three or four rounds to solve Gibbons' shifty style of fighting. And then he will have to land the blows that will slow Tom enough to put over the old haymaker.

Of course it is possible, but not probable, that Gibbons will be the winner. There are too many things in Dempsey's favor.

Jack has a shade the best of it in age. He has the confidence of the knowledge that he is champion. His punch is terrible, and his awkward style is difficult for even the most perfect boxer to avoid.

He is a natural fighter, almost a model of physical development with broad shoulders, with deep chest, making for great lung power, slim waist with flat hips and the long, slim legs of a racehorse. He fights on his toes, giving him remarkable shiftness.

The one thing against him is the fact that he has been inactive for two years.

What has Gibbons to offset these advantages?

BRAINS VS. BRAWN

Well, Tommy has brains, his biggest asset. But the greatest brain in the world cannot overcome the numbing effect that follows the crash of a powerful blow on some nerve center. And Tommy will have to take more than one of these crashing blows if he expects to land on Dempsey.

Tommy has confidence, too. But it is the confidence born of a belief in his own powers, not that of experience. His boxing ability is above question, but it is that of a student of fighting, not that of a fighter.

He has speed, but is flat-footed. That does not tend to give him sureness of Dempsey. His past two years of busy, fighting will be an aid, but if Dempsey has not lost his judgment of distance and timing (and I do not think he has), this will not be much help to him.

Dempsey should win. And seven rounds should tell the tale.

"LITTLE BILL" Johnston defeated Vinnie Richards in the semifinals of the International Lawn Tennis Championships at Wimbledon, Friday. Richards' play was brilliant altho erratic and that probably lost for him the title.

## TOMMY HAS GOOD TIME AT SHELBY

TOMMY OPENS THE  
BALL GAME BETWEEN  
SHELBY AND GREAT FALLS  
STRIKING OUT EDDIE KANE

(BY WILSON ROSS)

NEA Fight Expert

SHELBY, Mont. — This Fourth of July battle between Champion Jack Dempsey and Challenger Tommy Gibbons looms up beforehand as the meeting of two of the greatest left hands that ever flashed out from the shoulders of two heavyweights in a world title fracas.

For it's the left mitt that is the chief asset of both Dempsey and Gibbons.

Gibbons himself will tell you that as to his own attack and the world knows that it's the left hook that won Jack Dempsey his heavyweight crown.

And the parallel is strong even there. For the hook is the particular left blow in which Tommy Gibbons specialized in achieving the 33 knockouts that are credited to him in his last 37 fights in the last three years.

BOTH FOLLOW WITH RIGHTS

Sometimes the left hook wasn't the actual knockout punch, but if it wasn't the blow that sent his rivals toppling for the count of ten, the nearly every case weakened the other man and prepared him for the finishing blow.

By this I don't mean to inter that Jack and Tommy have their right hands chained up. Far from it—both can wield a deadly punch with the right mitt. But both of them use the right more for follow-up stuff.

Gibbons does so more than Dempsey. For I have been watching Dempsey very carefully in his work-outs over at Great Falls and I find that time and again he turns loose

that right either with a cross over the other fellow's guard when a hefty left has made him lower it.

An champion also wields a terrible right blow that's cross between a jab and an uppercut. It comes in under the opponent's guard or thru it. In fact it's a blow that Dempsey seems to vary according to the opening. If he finds the way clear to the body, it's more of a jab, but if the opening gives him a chance to the chin it becomes more of an uppercut.

Either way it's a terrific punch. When it lands you nearly always hear the victim grunt.

Dempsey is using 14-ounce gloves in his workouts—if he wasn't using that sort of pillows, his sparring partners would all be helpless by now. As it is, it's hard enough to find sparring partners who can stand the gauntlet.

Each of the champion's aids require a vacation every so often to get back to normal so he can resume his job receiving the terrible lacing Dempsey hands to one and all.

Little Billy Wells, the British welterweight, was the last one to take a day off. But as the fight draws nearer Dempsey becomes more and more tigerish in his daily workouts.

And this Wells, one of the gamiest and cleverest men of his weight I have ever seen, finally had to take a vacation, altho Dempsey likes him best of all and tried to pull his punches and save the doughty little Britisher.

THINKS LOT OF TOMMY

Right here, let me say that I'd like to see the battle if this Wells ever gets a chance at the world's welterweight crown, now worn by Mickey Walker. Furthermore, let me predict that if that meeting does take place, Wells won't come off second best.

I asked Dempsey what he thought of Tommy Gibbons' chances and Jack replied:

"Well, he can hit hard. Otherwise he wouldn't have knocked out 31 men in his last 37 fights, even the none of them were really tough opponents. But I won't fight him any differently from the way I have fought Willard or any of the other heavyweights I have met and defeated."

"A fight is a fight to me. I don't

see why I shouldn't hit Gibbons the same as I have hit all the others. I saw him fight Harry Greb in that scrap in New York in which Greb won the decision. They say he wasn't at his best then."

"But that fight didn't make me figure that I'd have to use any different tactics against anybody else. I am not figuring that I'm going to have a cinch in this fight and I'm not predicting when I will win it, but I expect to keep my title."

"I want to say, however, right here that I expect to have a real scrap."

Derby Starters  
Decrease

LATONIA, Ky. — Out of a field numbering nearly a score of high class thoroughbreds that a week ago looked like sure starters in the forty-first renewal of the Latonia Derby, fifth event on today's racing program at Latonia, only six remained to contest for the \$15,000 added money and the glory that goes with the winning of the classic.

The six named finally to fight it out over the mile and a half derby distance were Mrs. Harry Payne Whitney's Rialto, the Audley Farm's The Clown, G. R. Allen's Calcutta, Carl Weidemann's In Memoriam, Price Headley's Hopeless and J. S. Cosden's Martingale.

Martingale and Rialto carry the colors and hopes of the east while the westerners depend upon the other four to turn back the eastern invaders. Each contestant carries 118 pounds.

MISS DOUGLASS WINS WAY

TO COLLEGE TOURNEY FINALS

Miss Marian Cost was defeated in the last of the first round of the College Tennis tournament Friday, 6-3, 6-6. The games were hard fought and Miss Cost threatened a comeback altho several bad strokes toward the end of the second set caused her downfall.

Miss Sybil Evans defeated Miss Marian Johnston, 6-1, 6-1. Miss Evans plays Miss Melly and the winner will play Miss Douglass for the title next week.

TELEPHONE CALLS  
FOR TIME  
TO BE DISCONTINUED

It has been the practice of this Company, for many years to give the time of day to any subscriber asking for it and calls for time now run to an average of 3500 daily.

In the beginning, when the exchange was small, this practice did not materially affect the regular service but as the exchange continued to grow in size it has become more and more of a burden until now, with approximately 12300 telephones, the handling of these calls is detrimental and detracts the attention of the operators from their regular duties of establishing connections between lines. Deeming it to be the best interests of our subscribers, in that we may continue our high standard of service, the Company has decided to abolish the practice on and after July 1, 1923.

CHICAGO. — Frankie Frisch, the "Fordham Flash" of the New York Giants smashed out his 100th hit, last Wednesday and is the first player in the major league to touch the century mark. He also shot himself into second position among the batters of the National League, who have participated in 40 or more games, according to averages released today and which include games of last Wednesday. He is hitting .382 and is the runner-up to Zack Wheat of Brooklyn, who increased his average thirteen points, and tops the list with .392. Charley Grimm of Pittsburgh underwent a batting slump and slipped to third place, four points in front of Bob O'Farrell of Chicago whose batting in the last few weeks has been sensational. O'Farrell's brilliant work includes seven homers and fourteen doubles.

George Ghranham, of the Cubs, is steadily pulling away from the other star base stealers, and by the piffing of four sacks during the last week ran his string up to 17.

Cy Williams of Philadelphia, leads in home runs with 20. Williams, since his return to the game, has had a batting slump which has carried him out of the leading group. His total base record, however, was brought up to 146, which is six more bases than credited to Jimmy Bottomley of St. Louis.

Other leading batters: Moken, Philadelphia, .359; Young, New York, .358; Bottomley, St. Louis, .357; Roush, Cincinnati, .356; Fournier, Brooklyn, .342; Earl Smith, Boston, .342; Southworth, Boston, .341; Traynor, Pittsburgh, .335; Tierney, Philadelphia, .335.

Fred Haney, of Detroit one of the new comers is hobnobbing with the veterans at the top of the batters in the American League. Haney is fourth with an average of .356. A week ago he was sixth. His team mate Harry Heilmann, continues to head the list. Heilmann is batting .425, Charley Jamieson of the Cleveland Indians, gained one point and moved into second place with an average of .370. Eddie Collins of the White Sox lost six points and dropped to third place with .368.

Collins improved his record for stolen bases and now has 26, a gain of two over the previous week. He also ran his string of sacrifice hits to 20.

"Babe" Ruth has been unable to improve his long distance hitting mark of 14 homers, but increased his record as a run getter, by two runs, making a total of 56 tallies to his credit. Ruth's total base record of 137 is being endangered by Heilmann who has a record of 136 total bases. Heilmann's string includes 21 doubles, 3 triples and eight homers in his collection of 85 hits, while Ruth's mark is 71 hits and embraces besides his homers, 14 doubles and 5 triples.

Other leading batters: Burns, Boston, .349; Ruth, New York, .348; Ruel, Washington, .340; Miller, Philadelphia, .337; Vitt, New York, .336; J. Sewell, Cleveland, .335; S. Rice, Washington, .332; Cobb, Detroit, .330; J. Harris, Boston, .317.

The race for batting homers in the American Association has narrowed into one of the closest in years. Bunny Brief of the Kansas City club, who hit the downgrade a week ago, has made a spurt and is close on the heels of the leaders.

J. Smith of Toledo suffered a loss of five points, but still holds the lead among players who have participated in 40 or more games. He has an average of .372. Lamar, a teammate of Smith's is runner-up in the Metropolitan Bldg, 4th floor, with .267 and Brief and his team-mate

When the Lima team on the field Sunday will have a new hurler, Ed Wurn, who has several teams in the League will occupy the local boys and with members team should be the best dived under Lima colors.

Earl Berry, who has been the bench in the hope that he will gradually work into the rotation win some more ball game to the locals. Manager Halloran that Berry is not done by a lot but a good rest for the ace mean much more effectiveness.

On Sunday the Lima team of cross bats with the fast track-Troy club. Troy has been off victories right and left this and are bent upon adding Lima their victim list. Several day teams of high calibre, Hamilton a Miamsburg are included in this season's win showing that Troy has a ball team not to be laughed at.

Howell, who pitched several games against Lima last season will be Manager Richer's hurling selection and the big boy says that he will take the local's number. Babb at first and a good outfield will make the Troy team a dangerous contender for the championship which the local team is pointing for.

Mike Gibbons Is  
Losing Sight

ST. PAUL.—Mike Gibbons, the middleweight brother of Tommy Gibbons, challenger for the heavy-weight crown, known in ring circles around the world as "The Phantom" and Saph McKeena the bantam-weight who was a pocket edition of the older Gibbons, will never box again because of defective vision.

In his last few starts the Phantom collided with punches which in other days would have whizzed harmlessly by, been blocked with elbow or shoulder, or have been picked off with a glove before well started. It was not until he visited an eye specialist that Mike learned that the sight of one eye was virtually gone, due, it is believed, to a loose lace of a glove striking it.

McKeena was recently dismissed from a hospital where he was taken following his last bout with Johnny Erie, former bantam weight title claimant in which Erie shaded him and landed a blow which definitely put out of the ring one of the cleverest little boxers ever developed in this section. Physicians declared McKeena's eye would never regain its usefulness.

McKeena, who worked with Gibbons in training, had Mike's style to the last detail. He was not as inclined as the Phantom to stay in close, but showed as well in flashy footwork and speed.

mate G. Wright are tied for third place with .356. Carl East of Minneapolis is next with .361. Brief with his 65 tallies, is the best run getter, and his 155 total base mark is far in front of his rivals.

Combs of Louisville and Eddie Murphy of Columbus are having a merry race for stolen base honors. Combs by stealing one base during the last week broke the tie and now has 15 to Murphy's 14.

Other leading batters: Combs, Louisville, .359; Hammond, Kansas City, .349; Schreiber, Columbus, .345; Brown, Indianapolis, .341; Christenbury, Indianapolis, .336; M. Shannon, Louisville, .336; E. Murphy, Columbus, .332.

## EVERETT TRUE

## "TOM SHOULD BE DONE IN SEVENTH"--KILBANE

Can't Stand  
Gaff Any  
Longer

(BY JOHNNY KILBANE)

NEA Service Writer

SHELBY, Mont. — (Special) —

What chance has Tommy Gibbons to

take the title from Jack Dempsey?

That's the question that has been

fired at me continually since my ar-

rival in Montana.

And it's the question that no doubt

is uppermost in the minds of those

who have followed my stories on the

condition of the two fighters.

The only answer that I can give is

that Tom's chance is a very slight

one. Seven rounds should tell the

story.

CANT STAND IT LONGER

I will be very much surprised if

Gibbons answers the bell for the

eighth round. I figure his speed and

marvelous boxing ability will en-

able him to stave off the inevitable

for about that number of rounds.

But the tremendous impact of the

blows which Tom will be unable to

avoid, will result in his slowing up,

and make him a mark for the knock-

out that I feel confident will end the

fight.

Many of the Dempsey partisans

here are arguing the fight will not

last over one or two rounds. That

seems like the bunk to me.

It will take Dempsey at least three

or four rounds to solve Gibbons'

shifty style of fighting. And then

he will have to land the blows that

will slow up Tom enough to put over

the old haymaker.

Of course it is possible, but not

probable, that Gibbons will be the

winner. There are too many things

in Dempsey's favor.

Jack has a shade the best of it in

age. He has the confidence of the

knowledge that he is champion. His

punch is terrible, and his awkward

way is difficult for even the most

perfect boxer to avoid.

He is a natural fighter, almost a

model of physical development with

broad shoulders, with deep chest,

making for great lung power, slim

waist with flat hips and the long,

slim legs of a racehorse. He

fights on his toes, giving him re-

markable shiftness.

The one thing against him is the

fact that he has been inactive for

two years.

What has Gibbons to offset these

disadvantages?

BRAVENS VS. BRAWN

Well, Tommy has brains, his big-

gest asset. But the greatest brain

in the world cannot overcome the

numbing effect that follows the

crash of a powerful blow on some

nervous center. And Tommy will have

to take more than one of these

crashing blows if he expects to land

on Dempsey.

Tommy has confidence, too. But

it is the confidence born of a belief

in his own powers, not that of expe-

rience. His boxing ability is above

question, but it is that of a student

of fighting, not that of a fighter.

He has speed, but is flat-footed.

That does not tend to give him sur-

eness of Dempsey. His past two years

of busy, fighting will be an aid, but if

Dempsey has not lost his judgment

of distance and timing (and I do not

think he has), this will not be much

help to him.

Dempsey should win. And seven

rounds should tell the tale.

"LITTLE BILL" Johnson de-

feated Vinnie Rivard in the semi-

finals of the International Lawn

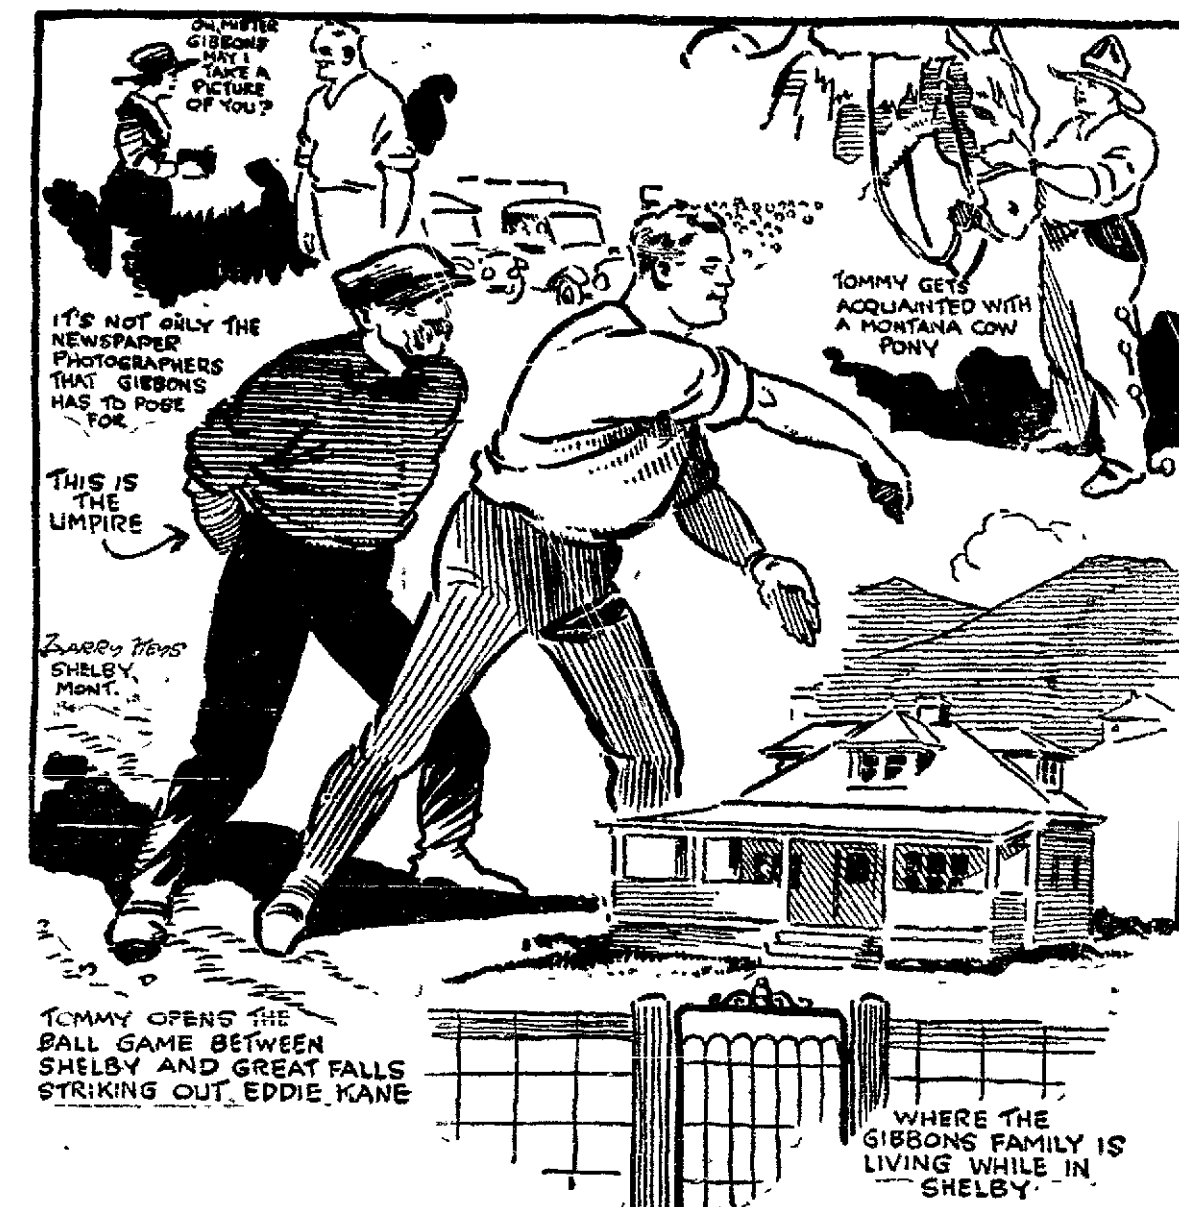

Tennis Championships at Wimble-

don, Friday. Richard's play was

brilliant altho erratic and that

probably lost for him the title.

Frisch Hits Ed Wurn To  
For 100th Pitch For  
Time Locals

CHICAGO. — Frankie Frisch,

the "Fordham Flash" of the New

York Giants smashed out his 100th

hit, last Wednesday and is the first

player in the major league to touch

the century mark. He also shot

himself into second position among

the batters of the National League,

who have participated in 40 or

more games, according to averages

released today and which include

games of last Wednesday. He is

hitting .352 and is the runner-up to

Zack Wheat of Brooklyn, who in-

creased his average thirteen points,

and tops the list with .352. Charley

Grimm of Pittsburgh underwent a

batting slump and slipped to third

place, four points in front of Bob

O'Farrell of Chicago whose batting

in the last few weeks has been sen-

sational. O'Farrell's brilliant work

includes seven homers and fourteen

doubles.

George Grantham, of the Cubs, is

steadily pulling away from the other

star base stealers, and by the pil-

fering of four sacks during the last

week ran his string up to 17.

Cy Williams of Philadelphia,

leads in home runs with 20. Wil-

liams, since his return to the game,

has had a batting slump which has

carried him out of the leading

group. His total base record, how-

ever, was brought up to 146, which

is six more bases than credited to

Jimmy Bottomley of St. Louis.

Other leading batters: Mohan,

Philadelphia, .359; Young, New

York, .358; Bottomley, St. Louis,

.357; Roush, Cincinnati, .352;

Fournier, Brooklyn, .342; Earl

Smith, Boston, .342; Southworth,

Boston, .341; Traynor, Pittsburgh,

.335; Tierney, Philadelphia, .335.

Fred Haney, of Detroit one of

the new comers is hobnobbing with

the veterans at the top of the bat-

ters in the American League. Haney

is fourth with an average of .356. A

week ago he was sixth. His team-

mate Harry Hellmann, continues to

lead the list. Hellmann is batting

.425. Charley Jamieson of the

Cleveland Indians, gained one point

and moved into second place with

an average of .370. Eddie Collins

of the White Sox lost six points and

dropped to third place with .363.

Collins improved his record for

stolen bases and now has 26, a

gain of two over the previous week.

He also ran his string of sacrifice

hits to 20.

"Babe" Ruth has been unable to

improve his long distance hitting

mark of 14 homers, but increased

his record as a run getter, by two

runs, making a total of 56 tallies to

his credit. Ruth's total base record

STREET IN  
FIT OF HYSTERIAInvested by Forbes as Ex-  
tremely Nervous and Bizarre.

## INVESTMENT IS UNWARRANTED

Due for Recovery Short-  
ly, Writer Thinks

(By E. C. FORBES)

NEW YORK (Special)—Wall

Street has been having a bad fit of  
hysteria during the last two weeks.  
The stock market Thursday morn-  
ing was forced down to new lowfor the week.  
Such panicky sentiment and  
bizarre movements are unwarranted.

One doesn't think so.

Wall Street has an axiom, "the  
market is always wrong." Well, the  
market in Wall Street certainly is ex-  
tremely nervous and bizarre, con-  
sequently, according to the axiomquoted, the stock market should  
be due for a recovery.  
The selling by small fry unques-  
tionably has been aggravated by vi-  
cious attacks by professional bearsgiving a lot of capital or credit at  
their command. The current uncer-  
tainity is very largely of Wall  
Street's own making. The public  
away from Wall Street are not half

so alarmed.

Wall Street rarely has been so  
full of wild rumors as it has been  
during the last fortnight. I find that  
meanings has latterly spread to  
Wall Street individuals and houses  
that usually keep their heads. It isnot that these people know of any-  
thing to justify their apprehensions;  
only, disturbing stories have been  
flying so thick and fast that they  
have finally begun to make an im-  
pression.So far as I know, all this panicky  
talk has no substantial foundation.  
But, let me add this:If Wall Street persists in talking  
panicky and acting panicky, thus  
forcing security prices lower and  
lower, then it will be logical for un-  
pleasant happenings to develop.But there is no need for anything  
of the kind occurring.Wall Street—and some other parts  
of the country also—paid much at-  
tention to the advice issued by one  
of the many "service" to "sell im-  
mediately on every rally." It was  
immediately pointed out, however,  
by financial interests that this same  
"service" was issuing bullish ad-  
vices early in March, at the veryheight of the stock market rise.  
This had the effect of taking the  
edge off the latest advice to sell,  
so that stocks are July 13, 1934,  
at a share lower, on the average,  
than they were early in March.Any person or organization or in-  
stitution that pretends to be able  
to predict what the stock market  
will do tomorrow, or next week, or  
next month, is foolish beyond words.  
To human beings, no aggregation of  
human beings, can have such gift  
of prophecy.It does not call for any clairvoy-  
ance, however, to judge when in-  
vestment stocks have reached a rea-  
sonable level from the investment  
standpoint.There are times, also, when any  
one who studies things closely and  
intelligently, can foresee a general  
business collapse or a general re-  
covery.The writer freely predicted  
months ago that the business pace  
was becoming altogether too rapid  
and that a relapse was being con-  
sidered. This relapse came.It can be said with equal confi-  
dence at this moment that many  
wildly paying stocks of established  
reputation are at an at-  
tractive price level from the point  
of view of the genuine investor.This does not imply that the  
stock market cannot or will not go  
lower. It may or it may not—no-  
body can tell.But it does imply it does mean,  
that any one having money to in-  
vest can make safe and acceptable  
selections at current quotations and  
can feel reasonably confident that  
sooner or later the average level of  
security prices will work higher.Personally, I am never foolish  
enough to try to write anything  
which could be construed as a "tip"  
to buy or to sell stocks for what  
Wall Street calls a "quick turn." I  
have scant interest in those who  
jump in and out of the market.The hope of catching an imme-  
diate profit from the bull side  
and then on the bear side. For all  
at those who make speculation  
their main business in life, this is a  
fool's game—at best, according to  
my light.I feel less concerned over both  
the business outlook and the stock  
market outlook. I did in January  
and February and early in  
March when it most unfashion-  
able and most vulgar to be any-  
thing but ripely bullish and  
suburban.Both business and securities are  
today on a healthier basis than they  
were then.These facts do not panic.  
Money and securities are abundant  
at low rates of interest to con-  
tinue so.The latest news indicate a  
shortage of stock workers.More than 500,000 and fifty  
corporations have the year so im-  
proved their earnings that they have  
been able to pay a plentiful dividend  
again.

The general public has ceased

to climb towards dangerous heights  
and has been easing off appreciably,  
though not at all drastically.Our imports of raw and semi-finished  
materials have been unusually  
large.Railroad traffic continues very  
heavy.Savings deposits have been in-  
creasing in steady, orderly, inspiring  
fashion.At least average crops are prom-  
ised throughout both the grain sec-  
tion and the cotton section of the  
country.True, several important agricul-  
tural products are not netting the  
growers remunerative prices, a fact  
not to be lightly regarded; yet, re-  
ports from mail order houses, the  
record-breaking sales of low priced  
automobiles, the somewhat better  
demand for farm implements, and  
machinery and other pertinent de-  
velopments suggest that quite a  
large number of our farming folk  
are not in such dire straits as is  
frequently represented.The principal foreign exchanges,  
as well as the leading foreign bonds  
dealt in here have not been moving  
at all alarmingly, to say the least.Our twenty billion dollar railroad  
system, our vastly important trac-  
tion power and lighting industry,  
our electrical industry to say no-  
thing of our basic iron and steel  
industry, are all in sound condition,  
presaging a continuance of exten-  
sive expenditures by our railroad  
and public utility enterprises.Apart from the building trades,  
where the workers in some places  
have been acting crazily, labor is  
not behaving in a way calculated to  
precipitate any panic, and the de-  
clining tendency in the cost of liv-  
ing is likely to exercise a moderat-  
ing influence in this connection.The country is not overstocked  
with unsaleable goods; consequently  
inventories are the reverse of ex-  
cessive, and banks are not piling up  
"frozen" loans.The time to become bearish is not  
after stocks have been declining for  
months, but when they are booming  
beyond all reason.
